WORKSHOP SESSIONS ~ Workshop Descriptions.

Using Library Guides to Enhance Student Research Skills	Sheila MacDowell explains how to request a Library Guide for your classes and how to best develop and use the Guides with your students.
Threshold Concepts	Lilit Haroyan introduces the key characteristics of threshold concepts and how these can be incorporated into curriculum design.
Using PowerPoint Effectively: A Picture Replaces a Thousand Words	Learn how using images in presentations can engage students in critical thinking and enhance classroom discussions. D'Art Phares leads the discussion and shares his techniques.
Making It Reel: Fast, Easy, Video Sharing Using <i>Screencastomatic</i>	You can reach students more effectively and efficiently by capturing your key concepts on video and sharing those videos quickly and easily with students. Learn how with David Jordan!
Stereotype Threat and Reducing Test Anxiety	Bamdad Samii introduces ways to help students perform better on tests with techniques that can be easily used in your classes.
One Campus, One Book	Join us for tips on integrating our campus book <i>Yes, Chef: A Memoir</i> into all of your classes this Spring Semester.
